

AFFIRMATIONS

As you wake and are still laying in bed, this is your time to send out what you'd like to see and call in. List some things you're thankful for and state things like...

- "Show me how good it gets"
- "Abundance is flowing to me"
- "Love and support surrounds me"

* "I allow my highest Divine aspect to guide all my thoughts, actions, and choices today."

* "I am a limitless expression of Source energy here on Earth to shine my light and uplift all."

* "Today I lead with my heart, I lead with Love, I am the light."

* "The universe is aligning opportunities for me."

* "I am Divinely supported. I am Divinely guided. I am Divinely protected."

* "I allow and receive messages, guidance, and signs for my highest good and the highest good of all."

* "I am abundant in all ways."

* "I am gifted. I allow and trust my gifts to come through fully."

* "Everything is working FOR me and I trust I am exactly where I am meant to be."

* "I am God. I am sovereign. I am free."

* "I release all that does not serve my highest good."

* "I reclaim my power and stand in my full sovereignty."

* "What I seek is seeking me."

This is something that can be said while driving or in stillness...

“Source Creator, I invite more of you into my body and into my life. Create through me. Speak through me. Love through me. The Divine light is active through me now.”
